## Frisco Protects Its Employees

Frisco is careful about the wiping rags that it puts in the hands of its employees. No chance can be taken with allowing minor scratches to become infected.

That's the reason Frisco uses KLEEN KWALITY KLOTHS, only. These wipers are not only clean, but their special treatment makes them as sanitary as hospital gauze—and they are lintless as well.

# Accurate Time Service Since 1903

IN 1903 Conductor Pike of the Rock Island lines purchased his Hamilton Watch. For the past twenty-two years this watch has been timing trains for Conductor Pike—and timing them with the dependable accuracy that is a part of every Hamilton.

Wherever Railroad Men gather together and discuss watches, there you will find Hamilton the favorite. In the cabs and coaches of famous trains—in the hands of signal men and flagmen—in the dispatcher's office—in fact, wherever accuracy is needed, there you will find Railroad Men depending upon Hamiltons.

When you purchase a Hamilton you do more than purchase a watch—you purchase time satisfaction for years to come. Go to your jeweler and ask him to show you the new Hamilton Railroad Model. This model combines the time-tested accuracy and dependability of the Hamilton 992 with a sturdily built case designed especially for it.

*Send for a copy of our new booklet, "The Care of Your Watch," and for one of our Railroad Men's Timebooks. They are sent free to any Railroad Man.*
