Faye Barbee if off at the present time, having made a trip to Kentucky by automobile with her father and mother, Mr. and Mrs. George Barbee of Jonesboro, Ark. Mr. Barbee is a conductor on the Memphis sub-division.

Grayce Blaylock attended the world's series game at St. Louis, had such a good time while there we thought we were going to be short a stenographer. Claude J. Andereck, trainmaster's clerk, made a recent business visit to Pensacola, Fla.

Curtis Blackwell, our file clerk, who was entered in the automobile races at Memphis Tri-State Fair, while attempting to pass two cars to take the lead on last lap of the race, had the misfortune to go through the fence, which ended the race for him. Fortunately he was unhurt.

Jas. E. Good, pensioned section foreman, is here on an extended visit supervising repairing and improvement of his residence. Mr. Good served his time and went out on pension May 1, 1927, having been section foreman at Williford since 1900. His activity and management has served as an inspiration and influence to the community during the many years he resided here.

Edward Wilkinson, son of agent, Bono, was a recent visitor here.

Dan Madden, pumper, is laying off few days account sickness; is being relieved by Carlisle Lark, of Thayer.

Jimmy Sanderson, agent, drove to Mammoth Spring recently and as it was raining Jimmy had some tough luck coming back after dark, pouring down rain, and just a suitable time for trouble, which he had a plenty, running over a rock, having a blow-out, with no extra tire, no pump nor patching. He claims he was there trying to flag passing cars for almost two hours. No doubt the folks thought him a hold-up guy, and we suggest that he take time to take along extras and repair tools in the future.

J. Milam, of the Hardy Herald, gave us a good writeup last week, covering the taxes paid this county, the bus and truck situation, etc. We certainly appreciate Mr. Milam's stand in this matter.

F. M. Packard, chief clerk, has advanced a new theory to reduce his grocery bill each month. Although the result has not been entirely declared, he has less teeth to his credit to keep clean. We trust that his aches have been dispensed with entirely.

L. H. Freeze, claim clerk, spent his longed-for vacation in the tropics, visiting in Havana, Cuba. He reports a wonderful trip.

R. A. Allen, night clerk, has been forced to take a long needed rest. To regain his health, he has advice from his physician to remain quiet and not associate with work in any form for several weeks. We trust that this will return to him his health.

L. G. Antwine, SWIB inspector, was called to the cooler climate for a short visit in Indiana, his old home state. He reports that rain fell each day there and that he is again proud of Birmingham as a good place to live, and the Frisco as the best road to work for. We welcome Mr. Antwine back with us at the freight office in Birmingham, Ala.

L. T. Hatcher, belt clerk, made a speedy visit to his home and relatives in Tennessee during the week-end just past. He makes no mention of the frost on the pumpkin nor the fodder in the shock, but the fried chicken at home still tastes natural and brings the weary home.

Photo Grady, check clerk, has been visiting his brother in Athens, Ala., during the last week-end. He reports a wonderful trip and likes the northern part of the state very much.

Woodrow Pfeifer messenger, was so unfortunate as to allow his bicycle to toss him on his arm and sprain it seriously. He seems to be much improved and is again on the job.
