

From auto racing to golfing—so it seems to be with Curtis Blackwell. Curtis is becoming such a good golf player we will no doubt soon hear of his challenge to other file clerks on the system—but we will bet on Curtis. Just learned of the recent wedding of Stanley Horak and Mrs. Clara Protiya. Mr. Horak is one of our old timers and is known over the whole system. Congratulations are extended to the newlyweds.

DORA, ALABAMA

F. M. SCOTT, Reporter

We understand after his recent inspection trip of stations Mr. Frazier returned to Memphis and cleaned up his own office. Wonder where that corner is that prosperity is just around. Rains descended and the sun shined

—the blackberry crop has come and went. Persimmons and hickory nuts should be plentiful this fall. Just finished up another six train loads of coal for the port on the gulf. Charlie Jones of the Debardeleben Coal Corporation pops in to pop off. Rumor has it another coal mine operation opening up soon. Here is luck to it. Demp Hughes' bridge outfit worked around for a few days. Emma Goshay is off visiting. Poor Willie sitting in high cotton. The helper job abolished. Puny Houston bumps at Holly Springs. Our loss is Holly's gain. Hot sweltering days makes young and old boys and girls have thoughts of Horse Ford on the Little Warrior River. Altho it was a mule that crossed this ford last. Dolph Cooper and family visited relatives in Mississippi, was relieved by Houston and later by Grady Brown.

The T. J. Connells make whooppee at Memphis at the employes get together banquet. The Lillichs are at home to their friends in their new home. Ralph Connell is building a lily pond. Looks like a baby swimming pool. With the change of passenger schedules, T. J. McCabe gives up passenger run and bumps Claude Looney off the Sipsey run. Looney goes to pool turn car. Mrs. L. S. Shiflett doing nicely after a rather serious operation at Woodlawn Hospital. Henry Metcalfe and family gone to Washington, D. C., or it might be A. C. as members of the senate are changing their minds so much. Anyhow Henry is going to see if he can't do something or other about the depression. Mrs. Gray Richardson and son David, have returned from a two weeks' stay with Mrs. Richardson's sister in St. Louis. So long, see you next month.

FRISCO ties, timbers and piling have their life greatly prolonged by preservative treatment at the SPRINGFIELD, MO., and HUGO, OKLA., PLANTS of the
