Our conception of the word Quality
as applied to

Manila Rope

does not end with the Material—
it BEGINS there. We make

MANILA AND SISAL ROPE
WRECKING CABLE
TRANSMISSION ROPE
DRILLING CABLE
HAMMER LINE
TOWING LINE

We maintain our standards both in
material and manufacture.

Women are Not Able to Express the Disgust They Have for Their Husbands:

THEIR HUSBANDS ARE LUCKY.

ARE you married to the product you have been using for years? Don't you think this world is able to bring forth something better once in a while? We don't ask you to marry our products; all that we ask you is to give them a fair test and trial at our expense. This is a sort of trial marriage.

All kinds of Varnishes and Enamels which bear the name of **TRANSPAROL** are the kind that can be subjected to such a test.

We have a full line of finishing materials for **Railroads, Automobile Manufacturers, Car Shops, Carriage Manufacturers, Furniture Manufacturers, and Painting Contractors**, as well as a **Special Product for Marine Use.**

QUALITY FIRST

PRICE SECOND

We give the best quality to gain and keep the confidence of our customers. Money refunded if not as represented. Our low prices are based on the fact that we have no dividends to pay on watered capital. All of our products are skillfully prepared and can be applied to anything by anybody.

They are money-makers for the user as well as the dealer. Our splendid advertising matter, which we furnish to our dealers and representatives, is only an accessory to the fact that the quality of our goods will bring back customers again and again forever.

We do not depend too much on low prices in getting people to come to us, but learn to depend more and more upon the quality of our goods. The personal attention we give to all inquiries, not only to the large purchaser, but in particular to the small user, from which much mouth-to-mouth advertising emanates and from which either much evil or untold good to us arises, according to the general good or bad "reminiscences" passed along by our customers.

Write for a full detailed price list and give a test to some of our products.

JOBBERS WANTED

AMERICAN TRANSPAROL CO.
50 CHURCH STREET, NEW YORK CITY.

On Christmas Morning

as on any other winter day, you can make your home more comfortable and cheery by using a Perfection Smokeless Heater.

PERFECTION
SMOKELESS
OIL HEATER

Its genial warmth is quickly at your service, ready for use in any emergency. You will need it as a supplementary heater when those extra cold spells come. Later you will find it just the thing for the changeable weather of early spring.

The Perfection Heater is light and easily carried. It is safe in the hands of a child—the safest and most reliable heater made. Drums finished either in blue enamel or plain steel, with nickel trimmings—an ornament to any room.

A special automatic device makes smoking impossible. All parts easily cleaned. Gallon font; burns nine hours. Cool handle; damper top.

Dealers everywhere; or write for descriptive circular to any agency of the

Standard Oil Company
(Incorporated)

Mention us when writing to advertisers. It will help us both.
